

# ADVANCED, CLEVER, PRECISE

## SLIPPER CLUTCH FOR NEW GSXR600 m. 2011

code: 19703

application: new model Suzuki GSXR 600 m.2011

This clutch is designed for OEM clutch plates and springs. The all-alloy part ( with steel spring posts ) allows better working slipper mechanism, which reduces rear wheel chattering under braking and downshifting and which assist to better lap times, safety and rider 's comfort. Also 25% reduced weight, rotary weight and gyroscopic effect are helpfull to better motorcycle handling.

material: Ergal 7075 and steel spring posts
